MESSAGE FROM NEW PRESIDENT MAKARIOS

Dear members of 41 INTERNATIONAL,

I am extremely honored and very proud of serving you and our Organization as your President for the next year and to accept the responsibilities that your trust has entitled me to and I thank you for this.

The 2015 AGM was a historical event for our Organization and thank you all for coming to Cyprus to celebrate and made it a success. For those who could not come, we will have the chance to meet during my visits to your national AGMs and exchange views and ideas about our Organization.

We link to the past bridge to the future with our vision plan, our future strategic policy direction, to a new era of our organization.

In June 2013, at Nicosia, Cyprus, a new chapter of 41 International history has begun, with start setting out our future strategic direction policy. At the HYM Blenheim you gave us your guidance on it and now, we are at the very first pages of this new chapter, as we roll out our future vision plan in a new era of our Organization, by starting implementation with the **historical act of signing at AGM Limassol, a Memorandum of Understanding with Round Table International.**

For donations please visit
www.all4nepal.org

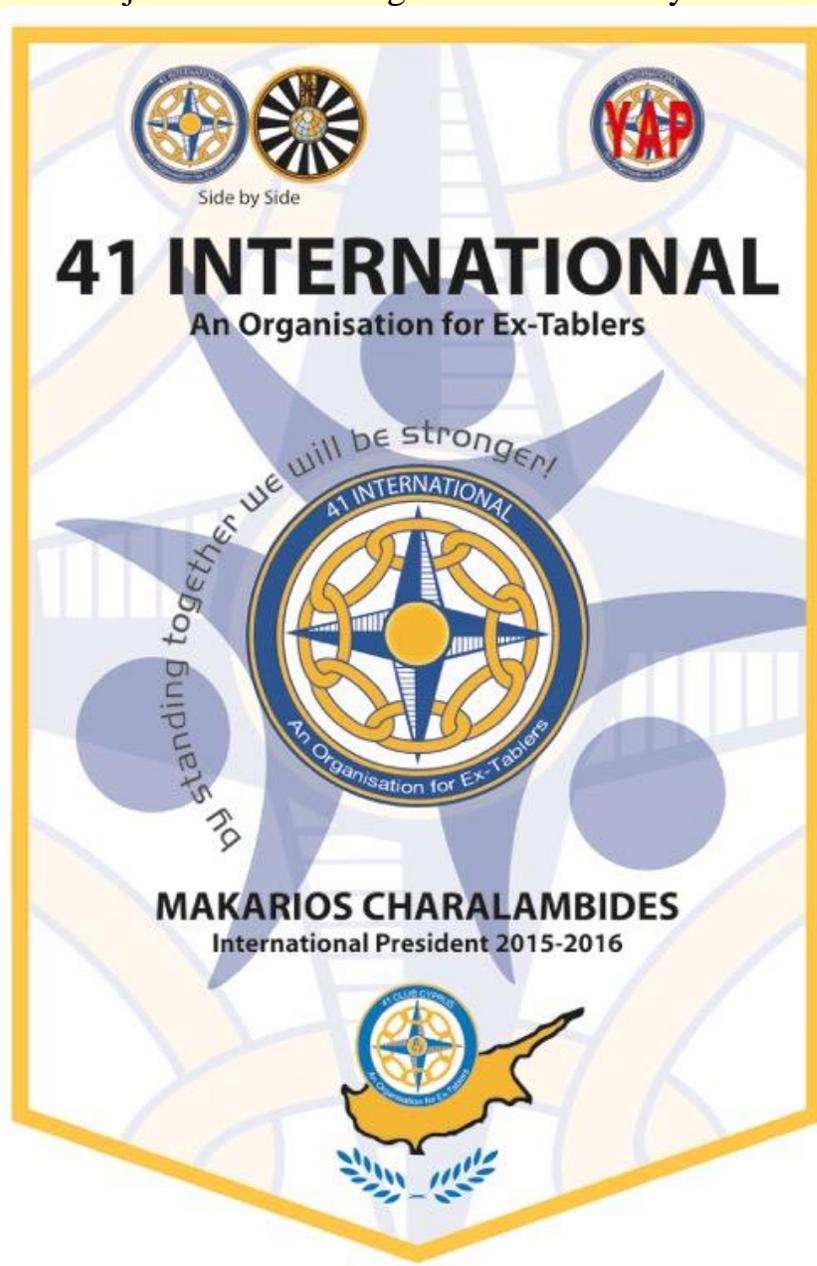

**Makarios
Charalambides
41
INTERNATIONAL
President
2015 - 2016**

May the hinges of friendship never rust

In Limassol also we have made 3 new members in our Organization, thus increasing our member countries to 24. We welcome to our family the Netherlands, Poland and Sri Lanka. Suriname has submitted an application for membership and other countries showed serious interest of joining our Organization. Contacts have been made with other countries also and **our aim is to have a god father country and a 41 Ambassador to all prospective member countries.** Although we are very happy and excited for the growth of our Organization, a lot of work it is still needed to be done.

My banner illustrates my motto and my main objectives for the year, **Relation Side By Side with Round Table and Young Ambassador Program**, which I will be focusing more, besides the other subjects of our Strategic Direction Policy.

I am very proud and honored to have on my banner the first symbolic Side By Side RTI & 41 International logo, given with the permission of Round Table International Board.

We will continue the work done by the previous Board and we will carry on with the implementation of MOU with Round Table International. This is our 1st priority because relations with Round Table International are very important to both Organizations. As you all know 41 Club is the succession of Round Table and Round Table is the past of 41 Club, as well as the future of 41 Club. Both Organizations have common ground and roots, common issues and concerns and with the Side By Side MOU we will continue, improve, strengthen and enforce our relation and strategize a common future, to ensure the growth and continuity of each Organization.

We will help each other to increase members and assist each other where there are problems with clubs. We will invite each other President to attend the AGMs to cement the friendship between us and we will have joint board meetings to keep strong contacts, to discuss common issues.

Dear fellow ex-Tablers,

We should work together with Round Table and Keep closed relations not only at international level but also at national and local levels.

We encourage you:-

to promote in each other means of communication.

- for regular joint board meetings at all levels.
- to support them in community projects and events.
- to identify common charity projects, and
- for methods of encouraging growth on both organizations.

Make 41 more attractive and pleasant to retiring tablers as its future members.

Guidance to implement the MOU and relations with Round Table will be developed and sent to all member countries.

As a symbolic act for this historical moment of signing the MOU, 1.000 limited edition pins were made. These special pins will be sold by me for 5 Euros each, during my presidency and the net surplus will be given to Round Table International for Round Table charity projects.

Our second 1st priority is Young Ambassadors Program. We all consider YAP as one of the core activities of our Organization. As you all know YAP seeks to promote travel and exchange visits between our children and grandchildren with home hosting offered by 41ers. The legal integration, the liability issue, the enrichment of existing tours by showing to YAPs the Round Table projects and motivate them towards Round Table, **single country tours** and tours within Europe, extension of the offered tours, and **bringing more countries to join**, are objectives that we will work on for improving YAP. **We encourage all member countries to have their YAP Ambassador.**

Guidance on overarching common strategy towards 41 International, service projects with Round Table, extension of 41 International with small countries in cooperation with Round Table and of the support to god father countries, further improve of active communications, improve of international friendship between Associations, encourage countries to potential home hosting during International AGMs & HYMs, increase membership and become more attractive to Round Tablers, are also subjects on our strategic direction that we will work on.

Discussions on subjects like these and more, will be continued in form of workshops at the HYMs, where we will all share and express our views, ideas and thoughts for improving our Organization.

We will stay in contact and have good relations with the other related Organizations like Ladies Circle, Tangent and Agora.

We will also stay in contact with France because after all, we have lots of Ex-Tabler friends there and as an Organization for ex-Tablers we are open to them.

And of course do not forget fun, enjoy fellowship and **make new friends.**

Now about the Nepal earthquake.

From the first day of my presidency, we have been working out with our fellow RT Family Associations, the best way to get the relief needed into Nepal and support the Tablers and Circlers working hard in their communities.

Well, we are making history to do this, for the first time ever, we have a global partner campaign with our fellow RT Family Associations, RT, LC, Tangent, Agora and WoCo Foundation.

We have created a logo for this as well as a website that has been developed all by tablers. The idea behind this is to make sure the money donated gets to the right place for immediate relief aid but also long term aspirations to help rebuild the communities.

Please visit the web www.all4nepal.org or go through our web site to make your donation.

This is the time to show our strength and reach out to help those in desperate need.

My Follow ex Tablers,

I will honor your trust in me and I will work hard and give my best efforts, having as a guide our roots and key values of Round Table and I will carry the 41 International ideals and principles.

I will do this by working under a team spirit with my board and you and with your help, understanding and tolerance, **we will maintain and strengthen the bond of international friendship which unites all ex-Tablers**, for the growth and improvement of our Organization.

By working together and **by standing together we will be stronger**, we can achieve more and we will lead 41 International to a better future.

I wish you all to be well and a wonderful year full of tabling.

May the hinges of friendship never rust.

Makarios Charalambides
41 International President
2015 - 2016

41 INTERNATIONAL President's new initiative **3-S YAP**

Small countries
Small group
Short duration

Young Ambassador Programme

The Young Ambassador programme, which is the flagship event of 41 INTERNATIONAL, is open to children and grandchildren of members of affiliated countries.

While children from small countries can participate in the outbound YAP tours to Europe , India etc.

President would like to encourage small countries to come forward to host children from other countries in this new 3S YAP programme.

The tours will have 3-4 children, for a short period of 10-15 days in small countries such as Cyprus, Sri Lanka, Malta, Poland and Mauritius etc.

Cyprus has already signed in to participate in the incoming tour.

President appeals to smaller countries to provide an opportunity to our children to learn and appreciate the culture and living styles in smaller nations.

Fun and mystery

proudly presents:

the 19th Agora Club International
Conference
8-11 oct. 2015
Brasov, Romania

We hope to provide a meeting point where all participants will have the opportunity to take contact with many AGORA friends, to share together ideas, friendship and fun.

Also we want to show you a few glimpses of our beautiful country!
So, don't hesitate, join us in October 2015 in ROMANIA!

Lots of love,
AGORA CLUB ROMANIA
